

Joyride presents a concert of dance music

We miss our lovely dancers and we miss playing music for people who enjoy hearing it. We'll get back to dancing on First Wednesdays at some point, but for now this is what we can offer.

- **When:** December 1, 2021 7:30 p.m.
- **Where:** Polish Hall in Portland. 3832 N. Interstate Ave
- **Admission:** No charge, although we will gladly accept donations. Our expenses consist of sound system and operator, hall rental, and insurance.
- **Donations:** We will have a donation bucket at the concert. Once your spot at the concert is confirmed, Sue Songer will provide Paypal / Venmo information for those who prefer that.

Attendance:

For Covid safety reasons, we will need to cap attendance and we'll implement an initial first-come model followed by a lottery. The first 30 respondents will be confirmed to attend. After that, there will be a lottery to determine who can be admitted.

You will receive an email with information about your attendance status and a reminder of Covid protocols.

When and how to register:

Registration will open on Wednesday, November 10 at 7:30 p.m. Pacific Standard Time. Please do not send a registration prior to that time as it will be disregarded. Registration will close on Saturday, November 20 at 7:30 p.m. Pacific Standard Time and the lottery will commence if it is necessary.

Your "registration" consists of an email to the Joyride email account (joyridecontra@gmail.com) indicating your intent to attend. (Please register for yourself and your immediate family only rather than register a large group of friends. We want to do this as fairly as possible. If you want to register with people outside your family but in your Covid "pod", keep that to just two or three people, please.)

Covid protocols:

- Masks are required indoors at all times (except for wind players on stage)
- Proof of vaccination is required at the door (vaxx card or photo of vaxx card)*
- Signed liability waiver is required and those will be available at the door*
- The attendance cap will allow for spacing between individuals and between "pods"

*If you know that your vaccination status and signed waiver was collected by PCDC at a prior event, then there's no need to bring that information. We'll have the PCDC database for reference although this is not a PCDC event. If you're not sure, bring your vaxx card or a picture of your vaxx card.
